ERAN at the Forefront of Mental Health in ISRAEL

March 1, 2026

An urgent appeal from ERAN for support in light of "Operation Lion's Roar"

Dear Friends and supporters

During these challenging days, the needs on the ground are growing rapidly, and more resources are essential to ensure we can respond effectively and responsibly. Your partnership and immediate assistance would make a meaningful difference in strengthening our capacity to act where it is most needed.

As you know, the situation between Israel and Iran has escalated, with major military actions and widespread regional tension. There are ongoing strikes and counterstrikes, and Israelis are experiencing the impact of these developments in profound ways. We once again find ourselves jolted awake by sirens, seeking shelter in protected spaces, and trying to keep ourselves and our loved ones calm in moments of heightened anxiety.

To meet the increasing demand, ERAN has expanded our operations, including adding more volunteer shifts, expanding the hours of our hotline for new immigrants, and ensuring we can respond promptly to reservists who need support as they return to duty.

We are reaching out to our valued supporters with an urgent request: if you are able, please consider providing extra support at this critical time. Your additional contributions will help us to continue providing round-the-clock essential services to those affected during these tense times.

We don't know what the days ahead will hold, but ERAN is committed to providing 24/7 emotional aid to the citizens of Israel, and we hope you can join us in carrying out this critical mission.

We would greatly appreciate your prompt consideration and support. Please let me know a convenient time to speak further if needed.

Sincerely, **David Koren**, CEO

ERAN, Emotional First Aid in Israel
